

# RESS EnerGuard

## Product Features

- ◆ **Scalable Configuration**  
Modular design: one storage system can support 1 to 3 battery units
- ◆ **High Safety**  
System design based on LFP batteries, which have greater thermal stability
- ◆ **Long Service Life**  
More than 6000 cycles at 100% charging and discharging
- ◆ **Quick Installation**  
Quick insert design to save installation time and cost
- ◆ **IP65 Rating**  
IP65 water- and dust-proof, supports both indoor and outdoor installation
- ◆ **High Usage**  
The battery has high usage with usable energy up to 100%

### Circuit Topology
